Articulation Groups

Talking Tots (Ages- 2.5-4 years) Speech Superstars (Ages 5-7 years)

This group works on improving your child's articulation skills in a small group setting. This class is focused on developmental sounds through games, story time and art activities. The goal of this class is to improve speech intelligibility, enhance self correction, increase articulation skills to an age appropriate level and promote home, school and community carry-over. All sessions are conducted by a licensed Speech Language Pathologist.

/s/, /r/, /th/ specific groups available to children ages 5-10 years
